Dear Christ the King Catholic School Parents,

Our mission calls us to educate the hearts, minds, and spirits of future servant leaders. Through the Annual Fund we are able to provide improvements needed for academic excellence and spiritual growth in a safe environment so that all students may have the skills necessary to follow their dreams.

The Annual Fund helps to bridge “the Gap” between this year’s tuition and the true cost to educate our students. Your gift to the Annual Fund is an investment in our students, faculty, and staff, which helps to cover the current year’s costs of providing an excellent Catholic education - educational resources, employee health insurance, maintenance, utilities, and other costs. With the COVID -19 pandemic, this year started like no other. With your generous support from last year we were able to make all of the necessary improvements to make reopening possible, both in person and virtually for families to choose what is best for their situation. We thank you for your grace, patience, and prayers as we journey ahead as one family.

Our church documents remind us that true education is a combination of knowledge and experience providing rigorous, relevant, research-based opportunities infused by our Catholic faith and traditions. Our students are connected with history by their present reality, as they combine their learning with innovative and creative engagements to connect with the world. We are proud that our Crusaders are choosing to develop resiliency and resourcefulness in the face of adversity. We have a shared responsibility to do our best to provide for their spiritual, academic, physical, and emotional growth. The Annual Fund is an invitation for you to be a part of our mission so that together we continue to experience hope and joy in the smiling eyes of our students and faculty each day.

We greatly appreciate our Annual Fund Chairs, John and Nancy Dunn, and our grade level captains for serving CKS to help provide the best for our students.

“We strongly believe that the years our boys have spent at CKS have enriched our sons in ways we as parents will see come into focus as they develop into fine young men. A Catholic education has afforded them a solid foundation with a strong focus on service, respect, and responsibility. When we reflect on the how they are receiving the sacraments with their classmates, we believe those spiritual milestones will leave a lasting impression. It’s our job to raise good solid citizens, and we know for a fact that Christ the King Catholic community is supporting that endeavor.”

- John and Nancy Dunn

With your support, we will continue to provide quality instructional resources, technology resources, student services, facility improvements, maintenance, and competitive teacher compensation for answering their call to serve.

Thank you for making Christ the King Catholic School a nationally recognized school of excellence, as together we continue to build on the strong tradition of Catholic identity and academic excellence that brings the mission of Christ the King Catholic School to life.

Thank you for considering a gift benefiting our Crusaders.
