Subject: Update on First Communion

Dear 2nd Grade Parents,

We miss seeing your sons and daughters on campus. We have been so impressed with their school work that they have been doing over the past few weeks. We are very proud of our Crusaders!

We wanted to let you know that we are still waiting on a date for First Communion to come from the church. The Diocesan statement has remained consistent that “due to COVID-19, parish celebrations of First Holy Communion have been postponed but they are not cancelled. Our children will receive Jesus in the Eucharist when the Bishop, in consultation with local authorities, determines that it is safe for us to gather together again.”

When a decision from the church is made, we look forward to celebrating together as a Parish community. Your health and safety are top priorities, and the decision will be made in order to meet the needs of all members of our community, including those who are in a higher risk category. Please know that as the situation is fluid, attendance may be limited. However, our goal is to have the first communicants and their immediate family present.

We know and appreciate what a significant event this is in your child’s life, and we look forward to celebrating it with you. We will send out a date as soon as we hear.

We continue to keep you and your families in our prayers. Please let us know if you have any questions.

Yours in Christ,

Dr. O'Sullivan and Dr. Bosco
