

Academic Fair – St. Patrick School

Written Math – Grades 1-8

1. Problems include basic and challenging math concepts at and above grade level. Each test will have at least 50 problems.
2. Fractions must be reduced to lowest terms.
3. Testing time will be 30 minutes for all grade levels.
4. Students bring two pencils and erasers for the test.
5. Should a tie occur, awards would be given to all winners.
6. For grades 1 – 3, answers are written on test sheets. For grades 4 – 8, answers are written on Scantron card.

Mental Math – Grades 3-8

This contest consists of solving math problems mentally. It is a ten-minute test. No written calculations are allowed on any surface. Only the answer is written in the space provided. Blue pens will be provided for the test.

Algebra – Grade 8

1. Problems will include algebra concepts taught in Algebra I.
2. Testing time is 30 minutes
3. Contest is open only to Grade 8 Algebra students.
4. Answers are written on Scantron card.
