**SUPER SCIENCE I  
CKS DISCOVERY CAMP**

Christ the King Discovery Camp has expanded to offer **Super Science I** for students entering Kindergarten in August, 2009. These 3 one week classes will offer children an opportunity to explore 3 areas of science using hands-on experiments, arts and crafts and various computer software programs.

The 3 areas to be explored are: Animals, Our Earth, and Under the Sea. The Animals class will focus on getting to know the animal groups and their habitats. In Our Earth, the students will study the layers of the Earth and events such as volcanoes and earthquakes. In Under the Sea, the students will explore and learn about the creatures and plants in our oceans. Ms Erin Jamieson and Mrs. Amber Clark, CKS Kindergarten teachers, will be the teachers. There will be a maximum of 12 students in each class.

The classes will be held for one week each-June 8-12, June 15-19, and June 22-26. They will be held in Bernardine Hall at Christ the King School from 9:00 –12:00 for 5 days. A student may sign up for 1, 2, or 3 weeks. The cost of each week is \$150.

To enroll your student, please fill out the attached form and return to the school by May 1. A \$50 deposit per child will hold your student's place and will be applied toward the tuition, which will be due on the first day of the class. This deposit will not be refunded after May 20 unless a class does not have sufficient interest. Class spaces will be filled as applications are received. You will receive a confirmation in the mail after May 30 telling you of the times and rooms.

If there are questions, please call Gwyne Bohren at 214-365-1232.
