Reminder from the Clinic:

In January, a letter from the CSO was distributed to all parents. [Click here](#)

As a reminder, CKS requires all students to remain at home if there is a symptomatic individual with possible COVID exposure pending laboratory results in the household, (even if the other members of the household are not displaying symptoms).

Also, if the answer to any of the daily screening form questions is yes, all students in the family should stay home.

VACATION BIBLE CAMP

- August 2-5, 9:30-
Noon, Christ the King
Community
Center, Volunteers
Needed

IT'S ON! 4K/DK to rising 3rd graders won't want to miss this back-to-school community-building event.

We are now accepting volunteers. This is a great way to get involved and meet other parents in our community. Whether you can volunteer one day or all four days, your help is very much appreciated. Make plans now to join the fun!

Volunteers can Register Now.

NOTE: Space is limited. This is the only way to guarantee a spot for your child. We will open registration to all Christ the King students and parishioners after our volunteer spots have been filled and their kids have been registered. There is a nursery for volunteers that need it.

Thanks,
Jen Bryarly
2021 VBS Director

BEEN EXPOSED TO COVID-19?

Be Informed: Know Your Next Steps

Chart provided by the Texas Medical Association COVID-19 Task Force

If you have trouble breathing or other serious symptoms, contact your physician for immediate medical advice. This chart is intended for the general public, not health care workers.

COVID-19
CORONAVIRUS DISEASE

YOU'VE BEEN EXPOSED TO COVID-19
This means you were **within 6 feet** of someone who tested positive (and you were **continguous*** for **more than 15 minutes** with or **without wearing a mask**.)

YOU HAVE SYMPTOMS**

GET TESTED.
While waiting on your test results, be sure to stay home and away from others.

YOU DID NOT OR COULD NOT GET TESTED

Isolate and stay home until 10 days have passed since you first got symptoms, 24 hours have passed since you had a fever (without medication), and your symptoms have improved.
NOTE: Anyone who lives with you needs to quarantine for 14 days since their last contact with you.

YOU GOT TESTED

YOU TESTED POSITIVE

YOU TESTED NEGATIVE

Quarantine and stay home for 14 days since you were exposed to COVID-19. If you **MUST** go out, wear a mask and stay 6 feet away from anyone who doesn't live with you.

YOU DID NOT OR COULD NOT GET TESTED

Quarantine and stay home for 14 days since you were exposed to COVID-19. If you **MUST** go out, wear a mask and stay 6 feet away from anyone who doesn't live with you.

YOU GET SYMPTOMS

GET TESTED. While waiting on your test results, be sure to stay home and away from others.

STILL NO SYMPTOMS

Complete your 14-day quarantine starting from the day you were last exposed to COVID-19.

After your quarantine or isolation is over, you can resume normal activities. But don't forget to wear a mask!

*People are contiguous two days before they started having symptoms and at least 15 days after they stopped having symptoms. People who live in close quarters or have frequent contact with someone who has COVID-19 should also quarantine for 14 days. **Symptoms may include fever or chills, cough, shortness of breath or difficulty breathing, body aches, headache, sore throat, and loss of taste or smell. ***A false negative test result is when the test result is negative when you actually are infected with COVID-19. This may happen when you do not have enough virus in your system to be detected. Avoid potential false negatives by waiting approximately 48 hours from when you were last exposed before you are tested. This document provides general information related to responses to the COVID-19 virus. It is not medical advice and does not substitute for the advice of your physician or other health care professional. Consulting your assigned physician is recommended when faced with health issues to obtain specific medical advice taking into consideration your medical condition. Revised July 21, 2020
