

An Update from Christ the King Catholic School

Dear CKS Parents,

Thank you very much for all of your support this school year. The necessary safety protocols have proven effective, and we will continue to communicate any updates to you. CKS and the Diocese of Dallas Catholic Schools Office (CSO) prioritize the health and safety of our faculty/staff, students, and their families. Please review the following message from the CSO in response to Governor Abbott's announcement today.

From the beginning of the pandemic, Governor Abbott has reinforced private schools' abilities to determine the methods necessary to ensure the safety and protection of our students. We are thankful that we are able to maintain our current mitigation efforts that have proven to be remarkably effective at protecting our work force and our students, and we will continue to employ those methods until it is determined safe by our medical professionals to discontinue them. We are grateful that our families continue to make choices to protect the most vulnerable.

Once again, we are so grateful for all of your support. Please contact the school with any questions. We continue to keep your families in our prayers.
