**Subject:** Update from CKS

Dear CKS Families,

We hope that you are enjoying a restful and healthy Spring Break. We are closely monitoring the COVID-19 situation and the impact on our community. We have been informed from the Diocese of Dallas Catholic Schools Office that it is likely that the school closure will be extended beyond the initial time frame. They plan to have an update by Monday.

CKS is prepared with our E-Learning plan, which will continue on Monday, 3/23/20. Families who are in need of technology resources (i.e. a device, access to a network) should contact me at your earliest convenience to discuss options. A member of the administration team will be reaching out to you early next week to check in and see if you have any individual needs. Please reach out if you need anything at all before then.

We will be in communication with you as soon as possible with all updates and changes to the calendar. We will continue to keep your families and all who have been impacted by COVID-19 in our prayers.

Sincerely,  
Dr. Bosco and Dr. O'Sullivan
