Need Technology?

In order to help ease the transition to E-Learning CKS will be lending out computer/l-pads to any family in need. To comply with social distancing please sign up for an available time and then return the technology device release form to Mr. Hudson by email. The device will be available by the TEAL Lab door as visitors will not be allowed in the school. For everyone's safety: Please note that per CDC guidelines, if you are returning from travel to or through a country with a CDC Level 3 Travel Advisory, a high risk US area, or from any cruise ship travel, you may not come to campus. If you are experiencing symptoms of illness of any type you may not come to campus. This includes cough, nasal or chest congestion, fever, fatigue or unexplained muscle aches or pains.
